- Alphabet stamps
- White pen

# Large Canvas

This Canvas is the perfect way to display your special memories for everyone to see! It would look great on any mantel piece or wall.

SB163 Large canvas

SB160 Mini Wood Canvas

SB555 Bloom

KC052 Mud Puddle

SB774 Ice Blue

Sand and paint all edges of the large canvas and the three mini canvases. Adhere photos to the mini canvases, turn pieces over and trim overhanging edges.

Adhere a sheet of Periwinkle to the front of the large canvas. Trim excess once dry.

Cut a 4 inch strip of the Mocha stripe and stamp words of your choice in rows along it. Cut a circle 15cm in diameter of Mocha (reverse side) and then adhere it to the canvas, overlapping it onto the striped piece as shown in the illustration. Write around the inner circumference of the circle with a white gel pen, then stamp your title in the middle.

Lightly draw a large circle 26cm in diameter on canvas in pencil (tracing around a dinner plate works well). At three points around this, transfer a cluster of floral rubons, then go over pencil line in white pen, breaking the line for rubons.

Adhere mini canvases to large canvas, using a strong wood glue.

Add finishing touches by positioning rhinestones evenly along the outer circle, again breaking the line for the rubons.

## Tip

Shaped Coasters would be a funky substitute for the Mini Canvas squares.

## Hint

Don't be afraid to get creative with the cropping of your photos so you can focus on favourite features and expressions.
