Occasion Planner

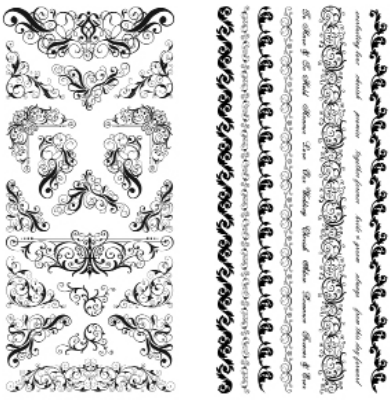

Are you planning a wedding? Then this planner is just what you need! You can keep track of all your wedding details like your guest list, bridal party, reception, cake and flowers. There is room to cover every aspect of your day and is a wonderful keepsake to look back on.

SB146 Occasion Planner

The To Have & To Hold Paper Collection

Rubons - Flourish Corners, Wedding

Kaisercolour - Antique White, Black

Pearls - Pearl

2

Gently sand the edges of the planner smooth.

Using a matching colour, we have used antique white, paint all of your planner edges.

Choose coordinating papers from the To Have & To Hold collection to cover your planner pages in. After covering one side, be sure to cut out the holes so you can see where to cut when you cover the other side.

Take some chipboard letters and paint them matching colours. Once dry you can add dimensional magic to the letters (if desired) and then adhere your headings to the right side of your pages.

3

Now it is time to decorate the inside pages. You can make inserts with tabs to suit you headings and give you more room to write. In the receipts page we have cut a 17.75 x 11.75cm piece of matching paper and adhered it to create a pocket. You can embellish the other page as desired.

To complete your planner, add a heading and embellishments to decorate. Then simply clip the planner together with metal split rings and decorate with ribbon. Now its time to get planning!

Ideas

This planner can be used for any occasion - Christmas, School, even a special birthday, just change the paper and headings accordingly.
