CS709 Love
CS703 Memory Boxes
SB612 Love Rub-ons

SB774 Blue Rhinestones
SB1409 Heart+Rhinestone Pictures
T301 Glue Stick
T303 Foam Tape

Separate the tabs joining all the pages of the mini album together by using a craft knife. Gently remove tabs and sand to smooth edges

Paint all edges of the book with Seabreeze and allow to dry.

1. Cut 4 pieces 16cm x 8cm (6½" x 3¼") in coordinating colours to cover the pages of this album.

Decide which paper you would like for the front and back covers. Cut this piece in half and adhere one piece to the front cover.

Turn over and trim any overhanging edges.

Keep the uncovered side up and place another wooden piece butted right next to it. Take another 16cm x 8cm (6½" x 3¼") piece of paper and adhere to the top of these. Turn over, trim any overhanging edges and fold in half.

Repeat above step again twice for the remaining pages.

Then use the last ½ sheet that was cut to adhere to the back cover, your album should resemble Photo 1.

Repeat the above steps to create all twelve albums, but rearrange the papers for the pages, so they all look a little different but still obviously matching.

2. Cut a strip from left over scraps 1.5cm x 8cm (½" x 3¼") to glue down the spine of the books. For the spine cover, cut another rectangle 5.5cm x 8cm (2¼" x 3¼"). Mark 2cm from the left side of the front cover and then wrap this piece around the spine from this point. Trim. See main Photo to left, a good example is book '6'.

3. Rub on numbers and months for each book or an appropriate title.

Adhere your favourite photos to each page and stamp a journaling box to write about the occasion. Photo 3 shows one book's inside spread and outside covers.

Embellish as desired, with rhinestones etc.

To create your bookshelf sand all pieces to remove any rough edges.

Paint all edges, the top and bottoms of the shelves and the back side of the bookshelf.

Cut a 23.5cm x 13.5cm (9½" x 5½") from *Rosette* (patterned side) to cover the back piece of the bookshelf. Turn over and trim away the overhanging edges around the curved top.

Cut two pieces 21cm x 8cm (8½" x 3¼") from *Harmonic* (patterned side) to cover the insides of the bookshelf walls. Again turn over and trim edges.

Cut another two pieces the same sizes 21cm x 8cm (8½" x 3¼") from *Spiro* (spotted side) to cover the outside walls of the Bookshelf and trim edges.

4. Cut a scallop pattern border out from the *Phase* sheet and attached to the front edge of the top shelf.

5. Place glue on the edges that adjoin to each other and piece together. Hold your bookshelf together with a large rubberband whilst the glue is drying.

Hint

When creating your books try to keep the use of foam tape to a minimum otherwise they won't all fit into the bookshelf!
